

Let's all help look after everyone's health

### GENERAL

Do not shake hands,  
even if you're wearing gloves

Avoid groups

Blow your nose with a disposable  
handkerchief and throw it in a  
rubbish bag

Dispose of your waste  
in a tightly closed bag

Cough and sneeze into  
your elbow

Do not touch your face  
with your hands without  
washing them first

### MEASURES FOR SHARED-USE EQUIPMENT

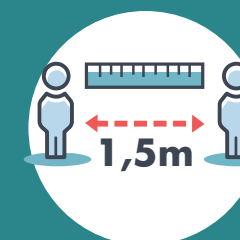

Follow the instructions  
given by VNF agents

Wash your hands regularly, especially  
**BEFORE** and **AFTER** any contact with  
shared-use equipment: bollards, sluice  
ladders, door/gate handles,  
intercoms, remote controls, sluice gate  
controls...

Use radio contact wherever possible

Stay at least 1.50 metres from other  
users and VNF personnel  
If you cannot maintain a distance of  
1.50 metres, wear a mask

Only complying with all these measures as a whole is effective in preventing the virus

Access to VNF buildings and facilities is strictly reserved for VNF personnel.

If you wish to have access to VNF's services, ideally make contact first by telephone or email.

Health prevention measures can make certain procedures or interventions by VNF personnel take longer: thank you for your understanding.
